

MG 2023 Calgary Dates Are Set!

For newer club members, the NAMGBR MG2020 that was scheduled for Calgary had to be postponed until 2023 due to COVID and the borders being closed.

For those who are new to MG's, NAMGBR stands for North American MGB Register. Attendance at these national events draw MG cars of all makes and years, and features many tech sessions/lectures, drives, etc. Not to mention the grand finale car show of all the MG's on the show field.

Do you need to drive to Calgary by yourself? Absolutely not! A planning meeting is scheduled for 1:00 in the afternoon of October 22 at Ken and Rosalie Bottini's home to see who is interested in going, planning some basic routes, things that you need to do to prepare both you and your car for the trip, etc.

If you are interested in attending the planning meeting, please email Rosalie Bottini at rosalie.bottini@frontier.com so a head count for the planning meeting can be kept.

This will be a great tour through Glacier National Park, Lake Louise, Calgary and other scenic vistas. Now is the time to schedule your vacation for next summer!

We hope to see you at the planning meeting.
