

# Tech Session #2

## Brookland British

### May 20

Clear your calendar for the second of this year's tech sessions.

The second tech session will be at Brooklands British in Tacoma on May 20.

Brooklands British is located at 8237 South Tacoma Way, WA.

The topic will be all things that can spark! Avoid becoming a member of the melted wiring harness club and learn how to diagnose, trace, prevent, and repair your electrical issues.

We hope to see you there to enjoy the camaraderie, doughnuts, coffee, and test the knowledge of our resident MG guru.

Starting time will be 10:00.
